Payment Policy

YOUR RESPONSIBILITY IS TO KNOW YOUR PLAN:

- Know your yearly deductible and when it resets
- Know whether services provided by our office are covered under your plan
- Know your co-pay
- Follow up on claims submitted to your insurance company when needed

FOR INSURED PATIENTS

For those patients covered by health insurance, we agree to file your initial claims provided we have complete information at the time of service. However, your health insurance contract(s) is between you and the insurance carrier. Because of this relationship, you have primary responsibility to pay for the services and provide follow up communication with your health insurance carrier(s), if necessary. Should your insurance reject our claim for any reason, you are financially responsible. If your health insurance requires you to pay a co-pay, this amount will be due before service. We will try to give you an estimate of the amount you may owe before your visit upon your request. If we are contracted providers with your plan, you are not eligible for any additional discounts beyond the discount agreed upon with your health insurance carrier.

FOR NON-INSURED PATIENTS

Services must be paid at the time of service. You will receive a fixed discount off the eligible charges. We make every effort to collect fees when you check in or out but ultimately it is your responsibility to pay before leaving the office. Any amounts not paid on the date of the visit will not be eligible for the discount.

There is a \$30.00 service charge on all returned checks.

I agree that I am responsible for payment in full at the time of service. As a courtesy my insurance company will be billed for payment. I agree to pay interest at the rate of one and one half percent per month (18% per year) if applicable. I agree if the account is assigned to a collection agency, to pay all attorney fees, court costs, filing fees, including a collection fee of up to 29% which will be added to the outstanding balance with or without suit.
